

Quick heating and even cooking

The Series 20 FanCook Oven circulates hot air heat with its fan and ring element. Air is continuously moved around in the oven cavity, to make sure that dishes can be cooked on different level at the same time

The Series 20 FanCook Oven circulates hot air heat with its fan and ring element. Air is continuously moved around in the oven cavity, to make sure that dishes can be cooked on different level at the same time

Product Benefits & Features

Evenly cooked results, on any level

Get perfectly even oven results with Multilevel cooking. An additional heating ring promises even cooking across all three levels. Which is great for cooking more favourite dishes at the same time.

- Economy variable grill
- Top heat
- Fan controlled defrosting
- Retractable oven controls with LED display
- Oven features:
 - Heat activated catalytic cleaning
 - Chrome grid runners with auto-stop anti-tip shelves
 - 2 oven shelves
 - Fan cooled double glazed door with heat reflective glass
 - 'A' energy class

Hassle-free maintenance, with Catalytic Cleaning

The oven has special Catalytic Cleaning liners on the walls, which clean it while switched on. High temperatures let the surface absorb splatters and residue, to stop the oven getting greasy. So you won't have scour or scrub after cooking.

Convection oven, for Even Cooking

The hot air generated inside the oven during cooking is moved around with a fan, so all your dishes receive the same amount of heat. This lets the oven heat up faster, which means you'll get the same results using 20% lower temperatures, saving time and using less energy.

Touch to time every meal / Perfectly timed meals with LED display / Time taken care of

Keep track of all your dishes with the LED timer display. Setting exact cooking times is straightforward with the touch-activated fields. Making it easier than ever to juggle a few different dishes at once.

Cook more at once with XL baking tray

An XL baking tray welcomes bigger dishes. Cook more at the same time for friends and family, and feel reassured it will all be ready at once.

Product Specification

Self-Cleaning?	Catalytic
Cavity coating	Catalytic, Grey Enamel
Dimensions (mm) (HxWxD)	589x594x568
Dimensions	600x560x550
Total electricity loading, W	2790
Voltage	230/240
Required Fuse	13
Frequency	50
Temperature range	50°C - 275°C
Cavity size	72
Largest Surface area	1424
Colour	Stainless steel with antifingerprint
Noise	53
Energy class	A
Energy consumption per EU standard cycle	0
ProdPartCode	All Open
